Meet Lawrence Carl

Please help us in welcoming Lawrence Carl to the Borough of Emmaus. Lawrence joined the Borough in April as our Public Works Director. He came to us from Coopersburg Borough where he served as their Public Works Director for 4 years. Prior to his work in Coopersburg, he worked for the Lower Saucon Township Water Authority for 8 years and has many years of construction experience.

Lawrence is a long-time resident of Lower Saucon Township, where he resides with his wife, Lisa, and two dogs, Roxie and Scarlett. In his free time, you can find Lawrence cooking up something delicious on the grill, floating in the pool, working in his vegetable garden, or just enjoying the great outdoors!

Lawrence is looking forward to serving the community and offering the highest level of public service.

The Borough is proud to have Lawrence leading our Public Works Department! Help us in welcoming him to the Borough!

The Emmaus Arts Commission

It has been an eventful and creative past few months for the Emmaus Arts Commission...

Have you seen the newly painted tables at Triangle Park?

The Emmaus Arts Commission members volunteered their time to give these tables a fresh look! Stop out to see them while you are downtown, they provide a lovely place to rest and enjoy lunch! Thank you to the Borough's Public Works Department for prepping them so that the EAC could be creative and provide the community with some fun public art!

The Emmaus Arts Commission's **Paint-A-Hydrant** has completed another round this summer. As of July 2022, over 70 hydrants throughout the Borough were given beautiful makeovers by community member volunteers. Do you have a fire hydrant in your neighborhood that needs some TLC? The Paint-A-Hydrant program is ongoing and is always accepting applications. The next round will take place in Spring/Summer 2023, so you have some time to think up a design, and submit it to make a positive change in your community! Designs can be as simple or as complex as you would like. Everyone can be an artist! Submit your design ideas at emmausarts.org

The Emmaus Commemorative Garden Remembers

The 15th annual Veterans' Bricks Installation Ceremony was held on May 28, 2022, where 20 bricks were installed to remember our veterans' service to our country. It was a rainy, miserable morning but no one cared because we are thankful for so many good people in our community whose remembrances are now part of the Emmaus Remembrance Garden.

We've been honored to install 34 bricks this year, and 379 vet bricks since 2006 along with bricks for weddings, families, service clubs, the Emmaus High School class of 1972 and others. There are now a total of 879 engraved bricks in the Remembrance Garden and there is a story to tell with each brick.

We invite you to visit the Remembrance Garden and/or our website at www.emmausremembers.org where bricks can be designed and purchased with a credit card or check. For more information about the Garden or presentations that can be done for local groups, contact Mike Waddell at remgarden1@gmail.com or 484-274-2089.

EMMAUS HISTORICAL SOCIETY

The Emmaus Historical Society is back in full swing again with special events for our members, "FUN" fundraisers and so much more planned for the rest of the year! We've had an amazing few months and so many exciting events which included our 30th anniversary celebration, a bus trip, our annual SUPER yard sale, our annual Member Appreciation picnic and a brand new FUN-draiser at Yergey Brewing! We also participated in the annual Passport to History weekend on July 23rd and 24th with activities and refreshments and historical tours that were enjoyed by the young and those who were just a "little" older.

Below are a few photos from our 30th anniversary celebration and a look at our upcoming events and programs.

Celebrating 30 Years!

On April 27th, the Emmaus Historical Society celebrated its 30th anniversary a couple of months late with 125 of its members at Emmaus Fire Company #2. Lots of great food, drinks and music were shared by all! An amazing slide show of Society photos which also included interviews with the Society's past presidents was created for the event by Board member Mike Flynn who also assisted with the sound system. It felt so good to be able to see so many of our members in person again after two plus long years of no in-person events or programs. A special thank you goes out to Andrew Kerstetter, Pat Mabus, Katrina Wieand, Al Wieand, Linda Waddell, Linda Boehmer, Nancy Marika, Joanne Brader, Robin Kerstetter and Mike and Laurie Flynn for all of their hard work to make this memorable anniversary event a success! 🌟

EMMAUS HERITAGE FESTIVAL

On Saturday September 17th, from 11:00 a.m. to 3:00 p.m., the Emmaus Heritage Alliance will hold their annual Heritage Festival on the grounds of the Emmaus Historical Society located at 218 Main Street, Emmaus. The Alliance is celebrating 30 years as a forum for historic issues within the Borough. It was created in 1992 by former Borough Council member Rick Zayaitz as a way for local historic groups to meet and discuss common goals. It has since become a valuable tool for planning events and promoting the heritage of Emmaus.

History really can be fun! The festival will include inside and outside displays of its member groups, good food, entertainment, and children's activities. It will also include demonstrations such as weaving, blacksmithing, candle making, PA long rifle lore, and hands-on children's activities by the Wildlands Conservancy.

We are partnering on that same day with the Emmaus Main Street Partners' "Farewell to Summer" event downtown. Heritage Alliance members include the Emmaus Historical Society,

Shelter House Society, Knauss Homestead Preservation Society, the 1803 House, the Emmaus Public Library, Emmaus Moravian Church and the Emmaus Main Street Partners. Please join us for a day filled with interesting history and fun for the whole family.

VISIT THE 1803 HOUSE IN 2022

55 South Keystone Avenue, Emmaus PA

Mailing Address: P.O. Box 7, Emmaus PA 18049

E-mail: Friends@1803House.org • Website: www.1803House.org • Phone: 610-965-0152

Visit the 1803 House located at South Keystone and Minor Streets in Emmaus and learn about the life of our Pennsylvania Pioneers.

The 1803 House is an example of Pennsylvania Domestic Architecture in the late colonial period of our country. It was donated to the Borough in 1975 and developed into a house museum. The 1803 House is comprised of a kitchen entry room, a grand hallway, a dining room, a parlor, two bedrooms on the second floor, an attic space over the kitchen entry, and an attic space over the main house. The interior furnishings and decoration are very plain with shuttered windows enhancing the room interiors.

The exterior walls are constructed of fieldstone accented with Georgian and Federal style architectural details. The most outstanding details include the monumental federal style entrance trim and door. This monumental entrance to the house faces the location of the original little Moravian Village planned in 1758 by the Moravian brethren. There are more Georgian features than Federal, and the overall planning of the house is Pennsylvania German.

We love this house!

The Friends of the 1803 House was formed in 1975 to preserve this monument to our past. It is the perfect backdrop for teaching colonial life and highlights our colonial legacy as a community. The 1803 House is close to the center of the little Moravian village and at special times through the year, you can hear the village church bells ringing. The rhythms of the past are all around at the 1803 House.

The 1803 House is a special place and hosts many types of events such as weddings, birthday celebrations, conferences and other special events. Plans are being developed to improve the grounds so we can raise funds and encourage more use of this historic facility. The end of summer and early fall is a very active time at the 1803 House. We participate in Emmaus "Farewell to Summer" which is held in the middle of September.

Each year, on September 19th, the 1803 House celebrates Joe Zeller Day. Joe was born on the same date of Jacob Ehrenhardt, Jr. Joe was 100 years old, a true patriot, former mayor of Emmaus and loyal friend of The Friends of the 1803 House. On this date, the Star Bangled Banner American Flag is raised in their honor. This fifteen star and fifteen stripes flag was the American flag of 1803.

The Friends of the 1803 House thanks the community for its continuous support of this historic house. Funds are raised to operate it, for preservation, and renovation of the house. Please consider joining as a Friend and be part of the evolution of this historic treasure. Please visit the 1803 House website, www.1803house.org for membership details and upcoming event details.

THE KNAUSS HOUSE

152 E. Main St. (rear), Emmaus, PA 18049 • www.knausshomestead.org

Knauss Homestead Preservation Society

As we leave the summer behind us with sweltering heat and unprecedented heat waves, we can't help but wonder how our early ancestors handled the summer weather. We do know that the coming of Fall, with cooler temperatures ushered in a flurry of activity centered around the barn and the harvesting of crops. The Knauss Barn certainly would have been very busy and the same is true today with the activity of restoration. Rebuilt in the mid 1800's, after being destroyed by fire, the barn, like the house, is a testament to the skills and craftsmanship of our early ancestors. Asbestos /concrete shingles that were applied over the original barn board have been removed exposing the beauty of the barn. Windows that were shattered by vandals are being repaired and the windows on the west side of the barn that have been missing for many years are being rebuilt by Amish Craftsmen. Barn doors are being repaired and a much larger sliding door that once existed is being built to replace a much smaller door that is out of character with the barn. All of this and more is part of a much larger ongoing effort to restore the structure to its original appearance.

We at the Knauss Homestead are excited to continue this effort to restore and enhance the property of Heinrich Knauss, son of Sebastian, on the original tract of 200 acres granted to Sebastian Knauss in 1747. We hope that you will be equally excited to follow us on our journey and support our endeavor to create a learning experience for one and all to discover the history and craftsmanship of our early ancestors.

Please be sure to visit our new website at www.knausshomestead.org and like our Facebook page, the Knauss Homestead, for updates about upcoming events. As always, we need your support with membership and donations as we continue the restoration.

Shelter House Launches new Colonial Exhibition Space

601 South 4th Street, Emmaus, PA

<https://shelterhouseemmaus.org/>

A few years ago, when we appointed a new board member, Ken Biles, we knew we had found someone with a love and knowledge of history – just what we needed to help achieve the mission and goals of the Shelter House Society. Little did we know, but would soon learn, that Ken Biles would launch an exciting new way to tell the history of the colonial log structure, Shelter House.

Biles is a retired educator and fills his time with endeavors that benefit history in many ways. He gives educational programs for school students during which he demonstrates ways the colonials lived, worked, and survived in the wilderness. His finale to many of his programs is offering young people the opportunity to start a fire by rubbing sticks together until sparks form and fall into a clump of dried grass and ends with Biles firing his long rifle into the woods. That is a showstopper for any audience, but the kids love it!

We learned that in addition to these popular colonial performances, Biles is also a wood worker and iron forger. He has an extensive workshop in the vicinity of Birdsboro, PA. In the past few years as a board member, Biles has replaced the cellar door with White Oak from the Shelter House woods and he forged the iron strap hinges. He also has designed and finished the spring house on the grounds.

And now, Biles will complete his idea for a colonial educational experience inside the great room of Shelter House. He has researched how the early settlers coming to the Emmaus area in c.1734 would have furnished their log cabin and with what type of tools they would have used to do this. In his own shop he fashioned the furniture the early settlers likely built with the tools they had brought from the old country.

Coming soon to the Shelter House is a rope bed with authentic design, a dry sink, a Spartan cupboard, plank table, and bench. Many small incidentals adorning Biles' installation will come from the Shelter House's collection of colonial artifacts. We have redesigned the lighting in Shelter House and hope to expand our hours for visitation.

There will be a soft opening of the new installation soon and a grand opening when every last detail has been realized.

Trick or Treat Safety Tips from the Emmaus Police Department

TRICK OR TREAT NIGHT

Friday, October 28, 2022 • 6:00 p.m. to 8:00 p.m. (Rain or Shine)

It's the time of year for costumes, sweets, tricks and treats. While Halloween offers plenty of make-believe fun, it also brings real safety risks as children dart across dark streets with their minds more on candy than on cars. **Children are twice as likely to be hit by a car on trick or treat night than on any other night of the year.** Burns and cuts are also common during Halloween. And then there's the candy: Almost two-thirds of parents think their kids eat too much of it around Halloween.

Trick or Treat can be safely enjoyed, especially when parents put extra care into planning and supervision. Talk with your children every year about safety concerns unique to this holiday and review do's and don'ts before heading out to trick or treat.

Please follow these tips to keep your family safe this spooky season.

Get clever with costumes

From furry animals to princesses and superheroes, choosing costumes wisely is an important part of trick or treat safety. Follow these tips:

- **The brighter the better.** Whether you buy a costume or make one yourself, choose bright colors and flame-retardant materials. If your child will be trick or treating outdoors after dark, attach reflective tape to his or her costume or treat bag.
- **Size it right.** In case it's chilly outdoors, make sure your child's costume is loose enough for warm clothing to be worn underneath — but not long enough to cause tripping. Avoid oversized shoes and high heels.
- **Skip the masks.** A mask can obstruct your child's vision, especially if it slips out of place. Use kid-friendly, nontoxic makeup instead.
- **Limit accessories.** Pointed props — such as wands, swords and knives — might pose safety hazards. Carry flashlights or wear glowing wristbands instead.

Trick or treat with care

Before your children start trick or treating, review these basic Halloween safety rules:

- **Get in on the fun.** Accompany trick or treaters younger than age 12. Pin a piece of paper with your child's name, address and phone number inside your child's pocket in case you get separated. Encourage older kids to trick or treat with a group of friends, parents or older siblings. Make sure someone in the group has a flashlight with fresh batteries.
- **Set ground rules.** If your child will be trick or treating without you, plan and discuss a familiar route and set a curfew. Review safety rules, including staying with the group, walking only on the sidewalk, approaching only clearly lit homes, and never going inside a home or car for a treat. Have your child carry a cellphone for the evening so that he or she can contact you.
- **Inspect treats before indulging.** Don't let your child snack while he or she is trick or treating. Feed your child an early meal before heading out, and inspect the treats before allowing your child to dive in. Discard anything that is not sealed, has torn packaging or looks questionable. If you have young children, weed out gum, peanuts, hard candies and other choking hazards.
- **If your child has food allergies, check candy labels carefully.** Even hard candies may be manufactured in facilities that process nuts, milk, soy, wheat, egg or other allergens.
- **Ration the loot.** If your child collects gobs of goodies, dole out a few pieces at a time and save the rest. You might even ask your child if he or she would like to swap some — or all — of the candy for something else, such as a special toy, book or outing.
- **Plan a party.** Consider planning a trick or treat party with a couple of neighbors instead of house-to-house door knocking. Decorate the garages, have a costume contest, or plan games and prizes. Check local schools, malls and churches to find other safe celebration options.

Stay safe and sweet on the home front

Planning to hand out treats? To make sure you're ready for trick or treaters, follow these tips:

- **Clean up.** Put away anything trick or treaters could trip over, such as garden hoses, toys, bikes and lawn decorations. Clear wet leaves, snow or other debris from the sidewalk.
- **Turn the lights on.** Replace any burned-out bulbs to ensure good visibility at the walkway and front door.
- **Control your pets.** Take no chances that your pet might be frightened and chase or bite a child at your door.
- **Consider sugar substitutes.** Instead of handing out sugar-laden treats, try stickers, fun pencils, rubber insects or colored chalk.

- **If you'll be driving on trick or treat, watch for children who might pop out between parked cars.** Be especially careful entering or leaving driveways and alleys. Extra caution can help ensure trick or treat safety for everyone.

Carve safely

Before you start carving pumpkins, consider these Halloween safety rules:

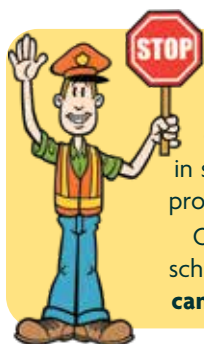

- **Decorate with markers, glitter glue or paint.** Let young children draw faces on pumpkins with art supplies. Leave any carving to an adult.
- **Use candles with care.** Place candlelit pumpkins on a sturdy surface away from curtains and other flammable objects. Never leave candlelit pumpkins unattended. Better yet, light pumpkins with flashlights, battery-operated flameless candles or glow sticks instead.

Emmaus Police Department Holds Family Fun Night/Open House

On August 2nd, the Emmaus Police Department hosted its annual Family Fun Night/Open House. Despite the hot and steamy weather, the event was very well attended. Kids and grown ups had fun trying to dunk a Police Officer or Council member in the dunk tank, while DJ Dutch played the sounds of summer in the background. Kids, young and old, enjoyed crafts with the Emmaus Arts Commission and Emmaus Public Library. There was a K-9 demonstration by Sergeant Murante and his partner Ronnie as well as a special visit from MelVin, mascot for the Lehigh Valley Phantoms. There were cool treats available from Rita's, lemonade from the Macungie Mountain Herb Farm, and hot dogs served by the Borough's very own Mayor LeeAnn Gilbert. First responders, juvenile probation officers, and members of the Lehigh County Drug Task Force were available to answer questions and tours were given of the Emmaus Police Station. Please join us next year when the fun will continue!

Crossing Guards Needed

The Emmaus Police Department and the East Penn School District are seeking additional volunteers to serve as Crossing Guards for the 2022-2023 school year. Can you spare a small fraction of your time? Are you interested in serving among the ranks of our existing staff of dedicated crossing guards? The Emmaus Police Department will provide you with the necessary equipment and training. There are additional incentives as well!

Over the years, the Emmaus Crossing Guards have contributed to the safety of our children traveling to and from school each day. It is critical that we ensure their safety in the future. Will you help us? **If you are interested, or you can help, please call the Emmaus Police Department at 610-965-0722.**

News from the Emmaus Shade Tree Commission

Shade Tree Commission Seeking Volunteers

Street trees add beauty and charm to our downtown. Imagine how barren Main Street would look without them — and how the atmosphere at community events like the farmers' market and Tunes in the Triangle would be diminished in their absence. Emmaus has a long history of downtown street trees, and they play a role in making our neighborhood a popular place to gather, shop, and dine.

If you'd like to be a part of preserving and caring for the trees in our downtown area and parks, volunteer with us! We especially need volunteers who have professional tree knowledge — arborists, landscape architects, horticulturists — but welcome all community members interested in lending a hand.

Our current focus is on replanting our downtown tree wells as the existing trees age out. We have developed a comprehensive tree replacement plan that prioritizes smaller tree species

selected to limit sidewalk damage and powerline interference. You may have already noticed a few Shantung maples, 'Ivory Silk' tree lilacs, and 'Okame' ornamental cherries adorning Main and Chestnut streets.

Looking ahead, we will be turning our attention to Community Park, where we have lost several mature trees to storms. We need to develop a plan for replanting both large shade trees and smaller understory trees to ensure the park remains beautiful for future generations.

Interested in volunteering? Head to borough.emmaus.pa.us/volunteer to submit an application.

Want more info? Contact us at emmaustrees@gmail.com.

The Emmaus Garden Club – Over the Backyard Fence

The Emmaus Garden Club invites you to a delightful program during its meeting on Tuesday, October 4, 2022 called “Hummingbird Hijinks.” According to program presenter, 10 State Master Gardener, Linc Coffin, Hummingbirds are the “jewels in our garden.” Please join us as he shares his knowledge of all things hummingbird.

On Tuesday, November 1st, Tina Ellor will treat everyone to the secrets of “Mushrooms 101: The History, Growing, Benefits, and Use of Mushrooms.” Ms. Ellor is a mycologist and technical director at Phillips Mushroom Farms in Kennett Square. She will share a Mushroom Beauty Parade.

Meetings are held at noon on the first Tuesday of the month at Faith Presbyterian Church, 3002 N. 2nd Street, Emmaus, PA 18049 from March through November. Light refreshments are served, followed by the program. Visitors are always welcome, and you do not need to reside in Emmaus to visit or join.

As we wind down our gardening chores in the fall, please consider leaving the dried heads on any coneflowers for the finches. They provide a natural banquet, as do the berries and fruits on various trees and shrubs. Please note: The Garden Club has been advised not to use bird feeders since the birds are subject to a disease that is spread by close contact. If you have any questions, please call Ellen at 610-928-3713.

Be sure to visit the Garden Club's website at www.emmausgardenclub.com and Facebook at Emmaus Garden Club.

The Emmaus Community Garden *To Plant a Garden is to Believe in Tomorrow*

The Emmaus Community Garden has been abuzz with activity this year! All fifty-six plots were filled, growing everything from arugula to zucchini. Gardeners varied from novices, with their first community garden plots, to two master gardeners. Despite the heat, lack of rain, and prolific weeds, folks turned out remarkable harvests. Kids of all ages lent a hand. One was even seen sleeping in their father's arm while his other arm was busy turning soil over.

The Emmaus Community Garden Commission brought the joy of gardening out to the community this year. Members of this seven-person commission (along with spouses and kids) held two activities at the Emmaus Public Library, planting beans with children and passing out seed packets and information about gardening. We even ran into a community gardener's grandson who started a bean plant that he eventually sowed in his grandmother's plot! (see photo below) The Commission could also be found manning the Emmaus Farmers' Market community tablet, where they will be again on October 9th. Stop by to get more information about the community garden and the benefits of growing your own food. We hope to have fun activities for the whole family!

Interested in growing with us in the Spring of 2023? Send us an email at emmausgarden18049@gmail.com for more information. Plots are open to residents (\$20) and non-residents (\$35) of the Borough. Registration will begin in January of 2023. Email us now to get on the waiting list. We hope to see you in the Spring!

The spring wind and rain didn't stop the garden commission event—we moved it inside the library! Garden volunteer Millie Thompson helped out at the coloring table and hosted story time.

This proud young man sowed a bean at the Emmaus Public Library Community Garden event this Spring and was able to plant it in his grandmother's rented plot. In the background is his proud grandmother.

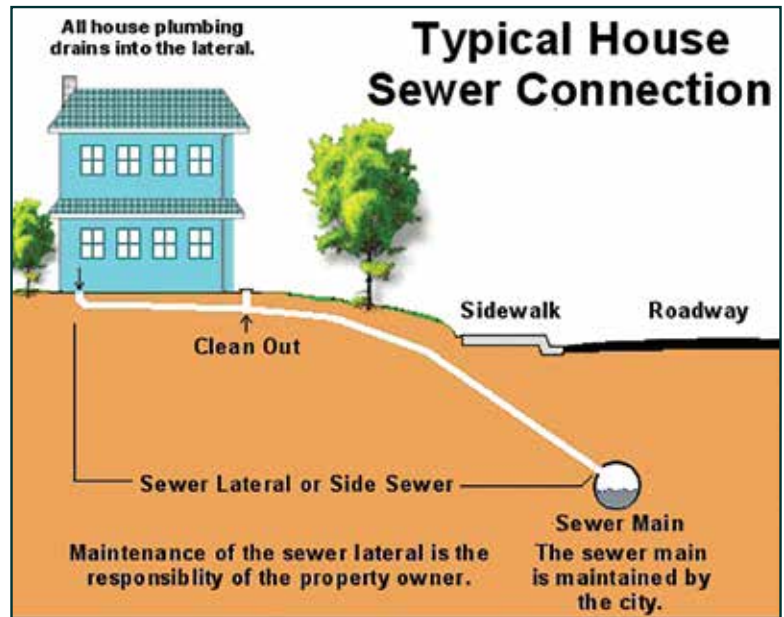

Sewer Lateral Inspection Program

In January 2019, Emmaus Borough Council adopted an Ordinance to require building sewer and lateral inspections any time a house is transferred or sold within the Borough. This was as a result of the PA DEP and EPA mandates requiring the community to eliminate the stormwater that is going into the Allentown sewer plant. The Borough continues to invest millions of dollars into improving and removing stormwater from the main system, however, this is a key component of the infiltration and inflow that is going into the system. The Ordinance took effect April 2019.

Ordinance No. 1185 requires anyone that is selling or transferring their property to have their sewer lateral inspected via a camera. Any licensed plumber who has the capability to conduct camera inspections may be used, or the property owner can contract the Borough to conduct the inspection. An electronic copy of the camera inspection as well as a report with the findings must be submitted to the Zoning Officer at Town Hall. If the result of the inspection demonstrates that water is infiltrating the system through deficiencies such as cracks or breaks in the line, or via root intrusions or other systematic failures, the property owner must fix or replace the building sewer or lateral prior to the sale of the property. The Borough monitors property transfers through data submitted by Lehigh County each month. If an individual fails to have the inspection completed, and the Borough receives the property transfer information, penalties are applied including fines.

The average inspection costs approximately \$225 - \$300. If there are serious issues with the sewer lines, it could cost much more, however, it is important to note that if there are issues with your lines, it means that pollutants are seeping into the ground and leaching into our potable water systems and / or rainwater is going into the sewer system, helping to cause overflows during heavy rains into the Lehigh River, meaning raw sewage is going into the river as well. For these reasons, as well as due to the state and federal mandates, we need to ensure that the entire sewer system is working as it is designed and we are doing our part to eliminate these issues.

There are numerous provisions in the Ordinance that we encourage you to read. You can access Ordinance No. 1185 via webpage <https://ecode360.com/EM3676/laws/LF1069677.pdf>.

Curbside Leaf Collection

Barring any complications with weather, equipment or emergencies, the Borough of Emmaus will begin its 2022 Curbside Leaf Collection Program on Monday, October 24, 2022, continuing through Friday, December 19, 2022. **The Borough is unable to set specific pick-up dates for leaf pick-up for individual streets.** We recommend that you have them raked out at the beginning of each week. Once the Public Works Department has made a pass through your street, they will not return until the following week. The Public Works Department will collect 2x a week for 7 weeks during the fall season. Please be advised that if the Borough encounters winter weather and must plow, any leaves in the road will be plowed. Every attempt will be made to clean the roads prior to winter. For FINAL COLLECTION the week of December 5th through December 9th, please have your leaves out on Monday morning (December 5th) of the final week. Once we have made our final pass on your street, we will not return.

- If there are low hanging branches overhanging the roadway, the Borough's leaf truck may not be able to pick up the leaves. Please make sure that all overhanging branches are trimmed prior to winter.
- Please rake all leaves to the curb into long narrow rows not more than 18" into the road. Leaves placed on the sidewalk will not be collected. The Public Works Department will not empty bags or other containers; this is the responsibility of the resident. Branches, shrubbery, grass, garbage, dog waste, and other building materials will not be picked up.
- Leaves will not be collected on private property. If leaves are not in place when the crews go by, they will be picked up on the following round through the Borough. No "return trips" will be made to pick them up.
- Residents who have areas designated as "No Parking" (yellow painted curbs) are encouraged to pile leaves at these locations for easier pick up.
- Piles with anything other than leaves **will not** be picked up. These objects will cause damage to the leaf pickup units and put them out of service at a great expense of time and money to the Borough and its residents.
- Do not place tarps over your leaves. The Public Works Department will bypass them, and they will not be collected.
- To help facilitate the picking up of the leaves, please keep all vehicles away from the area where the leaves are piled. The Public Works Department will not rake piles of leaves out from between parked cars or from under them.
- Do not pile leaves on or around storm drains as this will cause flooding issues and create unsafe driving conditions.

Please do not place leaves out prior to the starting date! If you would like to remove your leaves prior to the start of leaf collection, you may drop your leaves off at the Emmaus Borough Compost Site located off of Klines Lane.

Call Before You Dig

If you are planning on digging, call Pennsylvania One Call System, Inc. (POCS) three business days before you dig at 1-800-242-1776 or 8-1-1. The call center is open 24 hours a day, 7 days a week, every day of the year. PA Act 287 as amended requires excavators as well as private landowners to call POCS three days prior to any type of digging occurring with powered equipment. Mark your excavation area in white paint before calling with a dig notification.

By calling, you allow the facility owners the opportunity to locate and mark their underground facility in advance of the planned excavation (gas and liquid pipelines will mark underground facilities using yellow stakes, flags, or paint).

E360 Code

The Borough has contracted General Code to provide citizens with an easier way to access our Borough Code. The E360 Code allows you to enter a certain word and it will provide every part of our Borough code that contains the word. The program also allows us to access the relevant information that you are seeking in a much quicker and efficient manner. The program only stores Ordinances that have been codified and is usually about one to two years behind on current Ordinances therefore, we recommend that you contact Town Hall if you are researching a more recent Ordinance. E360 Code can be found on the Borough's website. On the website under "Government," click on Codes to locate the Borough's Ordinances.

What is Mohs Surgery?

by Dr. Adel Haque, Dermatology Partners - Macungie

Skin cancer is the most common form of cancer in the United States. Over 5 million cases are diagnosed each year. The number of Americans who have had skin cancer in the last three decades is estimated to be higher than the number of all other cancers combined, and skin cancer incidence rates have continued to increase in recent years. The good news is that when caught early, skin cancer can be treated with good outcomes. Mohs Surgery may be a good treatment option.

What causes skin cancer?

Skin cancer is an abnormal growth of skin cells. These abnormal cells may be noncancerous, or cancerous. The noncancerous, or benign cells are typically harmless. The cancerous cells can become problematic if they are left to spread to other areas of the body. These cancerous cells are often caused by previous sunburns and suntan damage to our skin's DNA. This damage can break down the skin's tissues, causing premature aging and genetic defects that can lead to skin cancer. According to the Skin Cancer Foundation, suffering just five sunburns over your lifetime more than doubles your chances of developing melanoma, and each successive tan or sunburn raises the risks further.

Treatment options

If left untreated, the cancer cells can break away from the skin and travel to other parts of the body. The cancer cells can then infect other organs or lymph nodes. This process, called metastasis, is how skin cancer can potentially become life-threatening. When caught early, skin cancer treatments have a very high success rate. Most can be cured if they are treated before the cancer has a chance to spread.

Depending on the type of cancer, several treatment options may be presented, including radiation therapy, chemotherapy,

photodynamic therapy, and immunotherapy. Doctors may also recommend surgery to remove the cancerous cells. There are several surgery options including an excision where the tumor and skin around the tumor are removed, a shave excision where the abnormal cells are shaved off with a small blade, and cryosurgery which freezes and removes the abnormal cells.

Adel Haque, MD

Depending on the type and location of the cancer, a doctor may recommend Mohs surgery. Mohs surgery can be performed by a Mohs surgeon. A Mohs surgeon is a dermatologist who has completed an additional fellowship in Mohs micrographic surgery with an accredited American College of Mohs Surgery program. During the Mohs procedure, the Mohs surgeon will cut the tumor in thin layers and view them through a microscope. Thin layers will continue to be cut until no more cancerous cells are seen through the microscope. This allows the surgeon to remove as few cells as possible, preserving healthy skin cells. This procedure is often recommended for areas on the face, as it typically results in reduced scarring.

Schedule an annual skin exam

The earlier the cancer is detected, the better the chances of treating the cancer successfully. Be sure to see a dermatologist at least once a year for an annual skin exam so suspicious areas can be monitored. Our dedicated and passionate team at Dermatology Partners specialize in the detection and treatment of skin cancers and many of our providers offer Mohs surgery. Our offices also offer immediate appointments, so you do not have to wait if you detect a suspicious-looking mole, freckle, or spot on your skin.

We're here for your family.

We treat a full spectrum of diseases of the skin, hair and nails, as well as specialize in the detection and treatment of skin cancers
